Mathematics Admissions Test (MAT) for Imperial College London and the University of Warwick	The MAT is also used by Imperial and Warwick for applications to Mathematics courses. Visit admissionstestingservice.org/mat and the Imperial and Warwick websites for more information.				

¹ Students must check directly with the university to confirm which admissions test(s) they are required to take, as admissions tests requirements are subject to change.

² Fees are also payable in Euros and US Dollars.

³ The Test of Mathematics for University Admission is not compulsory; however, a good performance on this test may result in a reduced offer from institutions that accept results.

⁴ These tests are developed by the University of Oxford and administered by Cambridge Assessment Admissions Testing, with the exception of ELAT and TSA, which are developed and administered by Cambridge Assessment Admissions Testing.

Where do your students take their admissions test(s)?*

Your students can take an admissions test at your own school or college, if it's registered as an authorised test centre.

If your school/college is not already an authorised test centre, see 'Becoming a test centre' below.

Becoming a test centre

Schools can get information on how to become an authorised test centre at:

admissionstestingservice.org/become-a-centre

The final deadline to apply to become a test centre for October 2018 tests is 30 September 2018.

Step 1:

Provide us with information about your institution, using our online form:

admissionstestingservice.org/help/centre-approval-request

Step 2:

We will contact you with information about your application. If successful, we will provide you with log-in details for the Entries Extranet and Results Online websites:

entries.cambridgeassessment.org

results.cambridgeassessment.org.uk/centres

Once authorised, you will need to register your students as test candidates.

* Arrangements for taking BMAT – September are different. Find out more at admissionstestingservice.org/bmat-september

Registering your students

Make sure you register your students well before the test registration deadline dates. In most cases, if your school/college misses the final deadline and your students can't take the test, the university will not consider their application.

Step 1:

Collect the student's details, using the relevant form provided on our website. General instructions can be found at: admissionstestingservice.org/how-to-register

Step 2:

Log in to the Entries Extranet and enter the student's details from the form. Once the student has been registered, make a note of their candidate entry number.

Step 3:

Give the student their candidate entry number, as confirmation they're registered.

Some students may need to take more than one admissions test. Your school/college will need to register the student *separately* for each admissions test.

Preparation

Our admissions tests do not require a lot of extra study – they test skills and knowledge that your students are expected to have already.

We provide a range of free preparation resources on our website, such as sample papers, past papers, test specifications and suggested further reading. It is not necessary to pay for an admissions test preparation course or additional material(s) to succeed in an admissions test.

Access Arrangements

Access Arrangements are available to test-takers who have a disability or special requirement and are entitled to support for other exams. More information can be found at: admissionstestingservice.org/useful-documents

About Cambridge Assessment Admissions Testing

Cambridge Assessment Admissions Testing offers a range of tests to support selection and recruitment for higher education, professional organisations and governments around the world. Underpinned by robust and rigorous research, our assessments include:

- assessments in thinking skills
- admissions tests for medicine and healthcare
- behavioural styles assessment
- subject-specific admissions tests.

We are part of a not-for-profit department of the University of Cambridge.
