SECTION 2   Writing Task

Instructions to Candidates

Please read this page carefully, but do not open this question paper until you are told that
you may do so.

A separate answer sheet is provided for this section. Please check you have one.

Please complete the answer sheet with your TSA candidate number, centre number, date of birth
and name. Your answer sheet should be completed in black ink.

This question paper contains a choice of four tasks, of which you must answer only one. There is
space on the question paper for preliminary notes. Your answer must be written on the answer
sheet provided. No additional answer sheets may be used. Candidates with permission to
use a word processor must not exceed 1200 words.

The questions each provide an opportunity for you to show how well you can select, develop and
organise ideas and communicate them effectively in writing.

It is important that your answer is relevant to the question and addresses it directly. This is not a
test of knowledge, nor is it assumed that the questions have right or wrong answers. If the
question requires you to make judgements and express your opinions, try to provide coherent
arguments to support your views and consider the merits of possible counter arguments.

Before you begin writing, take time to think carefully about what you need to say and the ways in
which the organisation of your response might help convey your message.

Note that your response must be contained in the space provided on a single two-page answer
sheet. The disciplines involved in this are considered key features of the task.

Take care to show how well you can write and be concise, clear and accurate.

Dictionaries and calculators may NOT be used.

Please wait to be told you may begin before turning this page.

This paper consists of 2 printed pages and 2 blank pages.
Use this space and the back page for notes etc. if you wish. Remember that your response must be written on the answer sheet provided.
YOU MUST ANSWER ONLY ONE OF THE FOLLOWING QUESTIONS

1. Would society be better if there were more scientists in positions of political power?

2. Is it possible to justify abortion without justifying infanticide of recently born babies?

3. Should ‘whistleblowers’ be encouraged or discouraged?

4. If inward migration is bad for a country, does it follow that outward migration would be good for that country?
